On Jan 31, 2018, I prisoner glover 0236844 Pod 10^{delta} was being harassed, disrespected and the threat of bodily harm was made to my person By Correctional-officer (C-O) Blivins of first shift. at approx 9:30 a.m on wensday Jan 31, 2018.

An former Pod-mate was having an issue with me (Glover Jim) on Jan 30, 2018. Where the inmate threw an orange across range from cell 10 to my cell of 21. Then Inmate charged my cell, (which I was inside locked down) and Punched my cell window and spit through the crack of the door hinges, Then went on to threaten to kill me and other bodily harm. (Now mind you) I was locked in my cell (happened during noon meal) and created no threat to inmate, neither was I participating in the aggressive threats. Said inmate of cell # 16 on 10^{delta} was 1 of 2 meal servers (Plus C-O) outside his cell, for the camera to see the entire incident. Neither did inmate go to segregation, but came out his cell, by the means of Correctional officer Riveara of 2nd shift Jan 30, 2018. To walk past my cell still barking threats, by said Inmate being inmate in pod 10^{delta} for 2 years. C-O Blivins as C-O Riveara had bonded with said inmate, working against me. When I clearly was not in the wrong (cheek camera) But I was remanded to stay in my cell the rest of day, while offending inmate came back out to watch t.v., cell visit... etc. Proving without shadow of doubt, his FRIENDSHIP with Correctional officer of 2nd shift floor 10 Pod V. Also on Jan 31, 2018

Stated inmate cell # 16 of 10 M, was back the next day to making threats of bodily harm to my person. When Correctional Officer Blevins of 7 shift floor 10 POD A (d) was doing his rounds and stopped at my cell to disrespect me. Say I quote "Glover your nothing but a BITCH-ass dude." To threaten me say, I quote "I used to beat your ass all the time and I'll do it right now" In which he produced the lock keys to my cell saying "Bag-up" C/O Blevins, formerly S.R.T Squad tactical unit. did indeed perform an felonious assault on my person in 2012 with Corporal Losata and S.R.T Bitterman. Where they locked me and themselves in my cell of 3-mall 10^A and Corporal Losata was telling me face the wall, soon as I complied ~~Losata~~ Losata hit me in my face, unjustly so. Then S.R.T Bitterman and Blevins commenced to rain punches, kicks, pepper-farm to my person. Back to Jan 31, 2018. So once C/O Blevins found out I was being transferred out of Pod By none other than infamous Corporal Losata to 10^A awaiting Placement. which took a whole callender day. I've been surrounded by my enemies, who have the power to Retaliate against me. Direct Violation of Inmate handbook, stating (per handbook pg 14) Disciplinary action we be consistent, and not be in the mode of Retaliation, or Revenge. Under Policy Under no circumstances shall discipline be administered by inmates or Enforcers commonly know as "Range Bosses" "Tank Judges" "Kangaroo courts" Sanitation Committees or other methods. This treatment is an direct violation to my Constitutional Right: Innapropriate Supervision, and Corporal Punishment.

On Saturday, February 3, 2018 at approx 5:15 p.m. I Prisoner 0236844 Mr. Jim T Glover Jr. requested of on duty Correctional officer (of 7th floor Pod E) to see the nurse, or medical pro. I was experiencing chest-pain alarming amount of pain. The c/o called down to infirmary. They sent the nurse up to do regular scheduled Pill call. (hour later) The nurse checked my vitals. He told me my blood pressure was 130 but my heart ~~was~~ rate was abnormal. He Told the on duty c/o to call down to infirmary and have escort bring me down for some observation and other things, which he did not state. I was never brought to Infirmary. Shift change brings in different c/o - I ask him what's the hold up with transport he said he would call at Eight O'clock p.m. (Three hours later) He call back down to Infirmary. Still no results. Once again CCCC is refusing me medical care. Emergency medical care, life-threatening medical care. The personell of the Infirmary has a personall vendetta aginst Jim T Glover Sr. in which they will stop at nothing to fullfill. Even breaking the law. By Keep refusing me medical attention. Its not hard to see. On Sunday February 4, 2018 I once again had, have chest pain. I informed the duty nurse, as well as Correctional officer. He called down to infirmary over 3 hours ago. Its now approx 5:30 p.m. I informed the nurse while she was making her evening medical medication Rounds. (That I was having chest-pains, light-headed, and shortness of breath) The R.N. checked my Blood Pressure which was 138 forgot bottom number. yesterday it was 130 top number. The nurse on 2-03-2018 check my heart rate

the nurse tonight didn't, my usual blood pressure top number Be 117 they said that was normal. Now this nurse telling me 138 ^{top number} is normal. I don't know I'm not medical professional, but its an conflicting statements. I'm waiting now 5:40 p.m to be taken downstairs to the Infirmary to have whatever done. I'll see if they (medical department) come retrieve my person. / I was brought down to Infirmary and given G.H.G supposed to see doctor tomorrow.

~~THE~~ Affidavit OF TRUTH

I Jim + Glover Jr. Swear by perjury and punishment that Everything provided in Complaint is Real and TRUE. Every Testimony, admittance, document, Stories of Events.

I was attacked on 12-26-17, By Corporal Boardman, and Correctional Officer IROIN OF the 7th floor. Its was approx 6:30 Am 12-26-17 when said officers came to my cell, (cell 7 in corner) to deliver morning meal. I was given an segregation tray. I politely informed Corp. Boardman that I was not in Seg. That the Sergeant only took away my t.v., Phone Privilliges. I said ok I'll take the tray given. Boardman already was hiding his pepper-forn in his hand upon entering my cell, ("I was on suicide watch. which means he was supposed to have on Body cam before opening my cell") making me believe he had planned before hand to spray-me. Once I accepted the tray, Corporal Boardman Sprayed me on the side of my face. I Ran to the Back of my cell. ("I was already naked, because Nurse Lagracia told officer to take my matt, They don't give me suicide gown, or Blanket. The only time they can legally do that is if I have destroyed state property, which I had not done.") Corporal Boardman, and Correctional Officer IROIN started to Stump the Back of my head and Back. I was not resisting or anything. Corporal Boardman was spraying the back of my neck and head and stated stay from down here, all the while him and c/o IROIN was Stumping me. Then I feel an hard part one of my buttocks and pepper-

from my anus and testicles. The pain was so much I almost passed out from initial contact. The assault last another minute. Then I heard alot of footfalls, responding to the man-downs. Once the two officer's in my cell heard it (corporal Boardman, C/O IRDin Corporal Boardman hurriedly pulled out his hand cuffs and cuffed me up behind my back and walked me out backwards out the cell. Once I was in restraint chair. C/O IRDin, made the statement. ("I'll bet you, your nuts and ass is on fire right now") taunting me as I'm in restraint chair in inconceivable amount of pain. I told my direct supervisor about it. (corporal Lacatta) He said ("who are they going to believe you or an corporal") I told the Jail Investigator about the assault and Sexual Assault (Mr. Hudson) He told me to wait and see what happen with my Informal complaint. I wrote the Sheriff on two separate Occasions. Never heard nothing back. Once in January Once in February of 2018. Took so long cause the county was refusing me the right to writing materials. I signed up for Indigent pack (comes with two envelopes paper, hygiene) never recieved any, till two months later. I signed up and had nurses put me on doctor's list to be seen by doctor. Dr. Tallman took me off dr. list ten times. So I couldn't get medical treatment for my injuries. I was on Physical Therapy session for the damage of kicking my back during assault. Medical cut me out of that with no Explanation. So now I'm constantly in pain. Can't sit-up for too long or can't lay down for too long. I have asked mental-Health for counseling to help me deal with the sexual assault. Mental health denied me. I'm losing my mind. I'm going through and depressed stage right now. I can't eat, or drink. I'm asking the courts if I can be housed at a different corr. facility. The staff in charged is corrupt, Every C/O sticks-up for their fellow officer. I'm in constast FEAR OF MY LIFE HERE at the county. Corporal Robinson has threaten my life on 12-1-17. Told me he was plotting my ASSASSINATION. "TO my face" all these statement are TRUE Jim T. Chavis Jr.

1-27-18 I was refused the morning meal by Corporal Ketivitch. Everybody was served cereal & milk. They served me Old-stiff oatmeal that had someone's finger poked thru and half peeled boiled eggs. my diet (plus milk) is lactose-intolerant no processed meat. Every Sat & Sunday they (CCCC) serve ~~cereal~~ cereal & milk. I get special diet tray because I can't drink milk. my trays come with special-diet tag. Today my tray didn't come with special diet tag. It came with Segregation oatmeal. somebody had fingered and ~~contaminated~~ contaminated boiled eggs. someone had half-peeled. not peeled from my hand. Also a milk. The whole reason why I get an special-diet tray. The Corporal on duty is Ketivitch, he just came to my cell with Three S.R.T officers trying to intimidate me. I informed him about tray. His word were wildly aggressive. That what you get' uquate not even inspecting the tray or investigating my diet. He had c/o neic dump my tray in trash. This corporal is Retalating because of an previous lawsuit I had against his staff S.R.T in 2008. Im being mistreated by said Corporal and S.R.T staff consisting of Cruel & Unusual Punishment and Inappropriate Supervision.

The entire CCCC is in a
coup. An connected Conspiracy to
Pay Jim Glover Jr. Back in form of
Retaliation, they who feels larceny in
thier heart for me has come into power.
Now their corporals and Sergeants.
with an agenda to make my stay
in CCCC most miserable at all cost
even if it consist on breaking the law!

On 1-25-18 at approx 9:00 a.m.
I asked C.O. Nele to call someone from
mental health - I was having a mental breakdown
mental-Health crisis. C/O called at 9:10 a.m.
I did not see anyone at 1:00 p.m. I asked
again could I speak with a mental health specialist
professional. again nobody came up or took me down.
They locked me in my cell, with no help. Refusing
me mental health services. On 1-26-18 I asked
the C.O. and also the on duty Corporal Ketiwich
about seeing someone from mental Health. I informed
him that I was having a mental crisis (breakdown) and
needed to speak to someone. Corporal Ketiwich response
was "Nobody care about you or what you are
going through. we're not taking you down to
mental health." unquote. I was shocked and
appalled by his comments of extreme unprofessionalism.
Today is 1-27-18 at 6:40 a.m. I was
again asked on duty C.O. to call down to
mental Health.
